WORK BEGUN ON THE STATE HIGHWAY

Work began during the present month in building California's great highway system. For this work the state has issued bonds to the extent of $18,000,000. The first contract will be for a five mile stretch between South San Francisco and Burlingame. This piece is a part of the wishbone route from San Francisco to San Jose and Oakland. For this piece all the plans have been completed and bids for the rest of the work will be received some time in the near future. The wishbone route will be the first to be constructed.

This is only the beginning and it is planned that by the middle of summer construction gangs will be at work on several hundred miles of the new highways in several parts of the state.

More than half the total mileage of good roads to be built by the state has been laid out by the State Highway Commission, with an order just issued for surveys, plans and estimates on 28 miles of road. Engineer A. B Fletcher now has in hand surveys on 1,178 miles of road, part of which will rapidly be brought to the contract stage. Under the $18,000,000 bond issue a total of 2,295 miles of highway is to be built.

Connecting with the wishbone route at San Jose will be a highway to Los Gatos, thence by way of Santa Cruz road south through Lexington and Alma to the summit of Schulther's pass, southwesterly to a point near Felton, and thence to Santa Cruz.

The longest single stretch of roadway ordered surveyed is a portion of Route 1, in Mendocino and Humboldt counties, beginning at Willits, to Longvale, to Laytonville, to Cummings, to the south fork of the Eel river, along the easterly side of that stream to Garberville, and via Dyerville to Rio Dell to Eureka. This will cover about 112 miles.

Of particular interest in Sacramento county and the vicinity are the orders for a reconnoissance of the road between Folsom and Placerville, over the main road between Sacramento and Lake Tahoe. This is a distance of about 27 miles.

In Sonoma and Marin counties a survey will be run from Petaluma to San Rafael, passing near Novato and through Ignacio. Another survey in the same general locality will be from Sausalito north through Mill Valley junction and thence easterly and northerly over the old railroad grade to its intersection with the road between Corte Madera and San Clemente. These will total 23 miles.

In Santa Barbara county a survey will be started at Santa Maria and extend southeasterly through Harris, Los Alamos and Los Olivos to Santa Ynez Mission and Los Cruces; thence southwesterly to Gaviota; thence easterly to a point about 12 miles westerly from the city of Santa Barbara. Fifty-four miles will be the approximate length of this survey.

The main line of the Southern Pacific will be followed in the survey beginning at Madera, in Madera County, and extending southeasterly to Fresno, in Fresno county, an approximate distance of 21 miles. A delegation from Kerman, which appeared before the commission at Fesno, has asked that a detour be made so that their town would be on the main highway. The commission believes the straighter route to be the better one. If towns on either side wish to be directly connected with the main highways to be built by the commission, connecting roads may be built by the counties.

A survey across the entire county of Orange is ordered, beginning at the southeasterly boundary of the county and extending northwesterly through San Juan Capistrano, El Toro and Irvine to Santa Ana; thence northwesterly through Anaheim and Fullerton to La Habra. The total distance of this is 39 miles. An investigation also is ordered to be made of the Conejo grade, on Route 4, in Venura county, and of the Tejon pass on Route 4, in Kern county, for the purpose of ascerting whether or not the construction of State highways in those places is feasible.

THE SMALL TOWN BEAUTIFUL

There is a well organized movement for the "City Beautiful" in San Francisco which is being enthusiastically encouraged by people of all classes and financial conditions. The rich man's work may cost more, but the poorest child's little effort, if only in the cleaning up some spot in the back yard, the planting a vine or flower near the front window, or the caring for trees and flowers already planted are all helping along the plan for the City Beautiful.

People are in the habit of expecting to see beautiful streets and yards and parks and parkings in large cities, but usually they forget the importance of "fixing up" the small towns.

Why is it that in many counties the worst roads are in the small-town streets?

Why is it that in some small towns there are many streets without a tree in the parkings?

Why is it that in scores of small towns, even in California, there are streets not graded; no parkings and no parks?

Every incorporated town should have in its council a committee on "Beautifying the Town." The mayor should also appoint a co-operating committee of three or five, not in the counc These committees should plan for trees, shrubs, "clean ups," neighborhood contests, etc. This main committee should be required to walk in a body, at least once a month, all through the town and out on every road, and then back into town, trying to imagine what the impression of the town would be if the committeemen were seeing it for the first time.

If the railroad runs near or through the town, this committee should take in "the sights" viewed daily by hundreds of strangers They should have photographs taken of every badly kept place, front yard, back yard or alley, and exhibit the same until the place is improved.

I have often thought it would be a good investment for every town or city to buy, by condemnation if necessary, a considerable strip of land on each side of the railroad right-of-way, and control the buildings to be put on it; or plant trees, or in other ways shut out of the picture pig pens, vaults, coal houses, stables, manure piles and dirty back yards. Why not try to present a better view to the thousands of people who pass through a town? I know of one town that plans to subscribe $1000, this year, to advertise its advantages. A prospective visitor coming into that town, now, on the road, would be almost tempted to buy a ticket on to the next place.

If any mayor of a small town or city is wondering what he can do, let him start a movement to beautify the town. Let him organize a "City Beautiful League" and get the teachers and children, the women's club and the merchants, and everybody interested in better streets, better drainage, cleaner streets, graded alleys, and cleaner alleys; more parkings with trees and shrubs, more flower beds, finer and more productive back yards, more vines, more vacant lots seeded to grass or planted to vegetables, and the whole town or city a more beautiful place for the people who live there.

The financial returns from cleaning up and beautifying a town, street, roadway or the house grounds can easily be seen in the ready sale of clean, well kept property on good streets or roads as compared with that of neglected, ill-kept places, along bad roads and almost impassable streets. The "cleaning up" has also a big moral and spiritual value.

THREE HUNDRED TO FIGHT THE MOSQUITO

Three hundred dollars was appropriated by the Board of Supervisors on Friday for the purpose of fighting the mosquito pest in this valley. The matter was represented once previously to the supervisors, but it failed to carry.

Under the direction of County Health officer S. S. Bogle, the amount set aside will be devoted to the extermination of the pest, which has done so much to make life miserable in the summer time for the residents of this historic valley. The fight will be waged in the interest of health. Residents of the valley have raised the sum of $300 with which to assist in the fight.

Dr. L. E. Parramore, Dr. W. B Hayes, William Clements and Professor Jesse F. Prestwood addressed the members of the board Friday relative to the matter, and presented it so favorably that the sum of $300 was ordered devoted to the cause.

SUPERIOR COURT NEWS

In Judge Seawell's department the final account was settled and distribution ordered in the estates of Frank and Anna Carr.

The property of the estate of Harriet Bell Keig was ordered distributed. The final account was settled and distribution ordered of the estate of May Edith Ackerman.

The change of venue to Lassen county was granted in the suit of Corneilsen vs. Corneilsen.

The default of all the defendants except the county of Sonoma, was entered in the suit of Mary B. Cutris, et al., vs. H. D. Fitch et al.

The suit of Carr vs King was reset for trial for October 1.

The suit of Borba vs. Borba was set for May 20.

The suit of the Southern Pacific Co. vs. Bigelow, was continued to the first Monday in September to answer.

These matters were continued: Green Valley Canning Co. vs. California Canners' Co. to May 20; Crowley vs. Crowley, to May 27.

In Judge Denny's department Conrad Pohelman and A. L. Weil were named executors of the will of Martin Pohelman.

Rose May Cargile was named executrix of the will of B. D. Kennedy.

Elizabeth Keegan was named executrix of the will of Patrick Fitzgerald.

The petition in the W. E. Bridges estate was dropped.

Daniel Schwarze was named executor of the will of Jacob Schaumberg, in a bond of $2,400.

A. Gunther was named administrator on the estate of Margaret Braun in a bond of $400.

These probate matters were continued: Estates of John O'Brien to June 10; Matilda Butcher to May 20; Gustav Meyer to May 20; John F. Mulgrew to May 20.

The final account was settled of the estate of Fred Niedeger.

The final account was settled and distribution ordered of the estates of Thomas Bruns, Flora Faust, G. Hengston and L. F. Schiever.

A sale of real estate was ordered in the estate of Lillian May Ewing.

A sale of property was confirmed in the estate of Mary Gertrude Burns.

The suit of Steiner vs. Sonoma Brewing Co. was reset for June 25 for trial.

Judgment for plaintiff was given in the suit of Connolly vs. Cox.

The suit of Cheney vs. Freeman was continued to May 20.

In the estate of Fred Mache, Mrs. Hannah Ahlers was named executrix of the will without bonds.

Mrs. William A. Allen, Chacon, New Mexico, had so severe a cough that it nearly choaked her to death. Mr. Allen says: "We tried many things without helping her when by good luck I got a bottle of Foley's Honey and Tar Compound. It helped her at once and finally cured her. It is the best medicine we ever used." Sold by James McElney, Model Pharmacy.

On July 20, 1912, the Native Sons of the Golden West will celebrate their 25th anniversary by giving a big time to the public free of charge.

RICHARDSON FOR GOVERNOR

It is rumored that if Roosevelt is nominated on the Republican ticket at the Chicago Convention our Hiram will be his running mate. In this case what is the matter with Friend W. Richardson for the next governor. He has done wonders in the state printing office and can do as well in the higher office. Think it over.

THE SOTOYOME SCIMITAR VS. THE FOOL KILLER

Brother Nowlin, editor of the Sotoyome Scimitar, of Healdsburg, is evidently having troubles of his own.

It seems that last Wednesday week Deputy Sheriff Barnes visited the office of the Scimitar and advised the editor that he had an attachment to serve and the attachment required him to seize the linotype and move it at once.

Of course brother Nowlin remonstrated with the officer but to no avail. A drayman was called and the linotype was loaded into a dray and taken away, notwithstanding the fact that Judge Seawell had issued an injunction, or restraining order, forbidding the sheriff of this county or any of his deputies to interfere with or harass Ande Nowlin in the possession of his paper and plant or the running of the same.

Mr. Nowlin went to Santa Rosa and saw his lawyer, Atty. T. J. Butts, who at once called the attention of Sheriff Smith to the restraining order of the court.

Sheriff Smith at once ordered Deputy Barnes to return the linotype to the Scimitar office, which was done with great speed, although not in the same condition it was taken.

We heartily sympathize with Brother Nowlin, and wish to say here and now that Healdsburg is not the only place the fool killer is neglecting. Sonoma and vicinity has been suffering from his neglect for some time. Here's another vote for his recall.

NOT ENOUGH POULTRY

Those who fear that the poultry business will be overdone in this state have only to inform themselves of the true situation to have such fears dissipated. The home product today falls far short of meeting the demand for local consumption and this demand is increasing, and will continue to do so at a much more rapid rate than poultry production increases.

The amount of poultry, alive and dressed, shipped from the middle western states to find a ready market on this coast, runs into millions in value, and nearly equals the total output of the whole of the poultry industry of the coast. The poultry raising industry might easily be doubled in this state and still the market would not be overstocked. This is true not only of fowls but applies with equal force to eggs, which are shipped here in refrigerator cars in pickle.

There is no more profitable industry on this coast than poultry raising, but those who embark in it must apply the same skill, study an industry that is necessary in the successful conduct of any other business. The east concern of the poultry raiser, however, should be the fear of over production.—Hayward Sun.

MIKE C. SOLD

A deal was consumated recently by which the ownership of Mike C., the race horse, passed from Mayor Cummings to Al. Dupont, the famous racing driver of Santa Rosa.

Jimmie Sterling, who has had charge of the horse for several years, is heartbroken, but says he still has a couple of speedy ones left.

ROOSEVELT AND CLARK CARRY THE STATE

LA FOLETTE MAKES A GOOD SHOWING. THE PRESIDENT HAS NO CHANCE FOR RE-LECTION

The following is the California vote on the Presidential preference primary election Tuesday.

The figures include all returns from 3,364 precincts out of 3,700:

Congressional Districts	Roosevelt.	Taft	La Follette.
1	8,990	4 828	2,748

FATHER LEAHY VERY ILL

The many friends of Father J. Leahy, pastor of St Vincent's church Petaluma, and formerly of St Francis' church in this city, will learn with regret that he is very ill at the parochial residence in Petaluma, and that his condition is causing his friends much alarm.

The pastor has been ill for some days, and on Sunday was thought to be improving, but in the evening was again very bad.

On Monday morning Dr. James Gallagher, a noted specialist, arrived there to consult with Dr. O'Brien in the case, and everything possible is being done in the hope of restoring the priest to health.

Rev. Father Rogers of San Francisco and Rev. Father Keane of Oakland arrived Monday, both being close friends of Father Leahy.

THE WILD WEST SHOW

It passes all expectation how the people have taken with this undertaking, and as the time approaches the generosity and stirling unite for genuine sport and fun is coming out, one of our well known citizens is kindly offering a beautiful special prize for either the ladies' race, the best turn-out or for the feat of greatest daring during the day of the show. Upon that day there will be other prizes provided, and it has been arranged to have them on exhibition. It has been rumored that the gentlemen now leasing the race track is donating the use of the same for the occasion. This would be a most generous and sportsman thing to do.

We have a challenge from up north which will be taken up and featured. Its hair raising, all-fired proposition has the ear marks of the good old frontier days.

Our programme will keep you nerved up from start to finish. Watch for the date.

SCHOOL ATTENDANCE

Of particular interest just now, when everybody connected with the public schools of California is devoting a good deal of attention to the working of the new attendance law, is an authoritive opinion of the Attorney General upon this subject. After a general discussion of the law dealing with the subject, the opinion summarizes its practical workings as follows:

"Pupils present for at least one-fourth of a day and for more than one-fourth of a day, but not one-half a day, shall be counted as one-fourth of a day; pupils present for at least one-half of a day and more, but not three-fourths of a day, shall be counted as present for one-half of a day; pupils present for at least three-fourths of a day and more, but not for a whole day, shall be counted as present for three fourths of a day; and pupils present for a whole day shall be so counted.

"It would seem to be the intention of the Legislature by inserting this provision in the law at its last regular session, it not having existed before, to secure a reasonable strict accounting of school attendance."

FISH TO EXTERMINATE MOSQUITOS

If the advice of some of our most noted scientists is followed gold and other fish will be used to exterminate the mosquito pest in New England. It is said that the favorite food of the gold fish is the mosquito and its larvae, but some of the breeding places of the insect cannot be reached by the larger fish, and smaller species are to be introduced.

THROUGH TO EUREKA

Beginning Sunday the Northwestern Pacific railroad inaugurated its auto service through to Eureka in connection with the rail route to the north. San Francisco passengers to Eureka can leave the city at 3:15 p. m., arriving at Willits at 8 p. m., where the night is spent, and continuing next morning by rail to Longvale, and at that place take the auto in the morning, arriving at Eureka at 6.15.

ERECT GARAGE AT AGUA CALIENTE SPRINGS

G. A. LaValley, who formerly conducted the auto stage between Santa Rosa and Healdsburg, is now erecting a garage at Caliente Springs and will run an auto service between the springs and all points around the valley. The season will soon open and Mr. LaValley is working on the garage at present.

GLAISTER SELLS OUT

BORDSON & NORDSTROM BUYS THE BUSINESS OF THE WELL KNOWN GROCERYMAN

A deal was consumed Thursday by which the grocery business of Skelton Glaister passed into the hands of that popular firm, Bordson & Nordstrom, who will shortly move into the Odd Fellows' Building.

Mr. Glaister intends to move to the San Joaquin Valley, where he will take up farming.

RULES TO PREVENT FOREST FIRES

Now that summer camping time has arrived, the State Foresters and Fire Wardens are calling attention to the following rules that should be obeyed by campers in order to prevent the spread of forest fires:

Be sure your match is out before you throw it away.

Knock out your pipe ashes or throw your cigar or cigarette stump where there is nothing to catch fire.

Don't build a camp fire any larger than is absolutely necessary. Never leave it even for a short time without putting it out with water or dirt.

Don't build a camp fire against a tree or log. Build a small one where you can scrape away the needles, leaves or grass from all sides of it.

Don't build bonfires. The wind may come up at any time and start a fire you cannot control.

If you discover a fire put it out if possible; if you can't, get word of it to the nearest U. S. forest ranger or State fire warden as quickly as you possibly can.

WALL STREET'S CHEAP MONEY

Business men who borrow at the banks in the Pacific States pay, on the average, 2½ per cent more for money than do business men in the Eastern States, according to the reports filled at Washington by 6,000 national banks. When we compare the rates paid by farmers, merchants and manufacturers in this section of the United States with those paid by speculators in Wall Street the difference is even more marked. Interest rates on the New York Stock Exchange are often as low as 2½ per cent when men engaged in productive industries in the Pacific States are paying from 7 per cent to 10 per cent on bank funds with which to carry on business. It certainly is a badly organized banking system that causes such wide variations in interest rates in different sections of the country. This country ought to have a banking system that would make it as easy for the solvent borrower to get cheap money on sound security in the Pacific States as it is in Wall Street. It is up to Congress to give us a banking system as good as any in the world—and a little better. America ought to have the best.

SNOWFALL IN THE SERRIAS

The past winter has been one of light snowfall in the mountains of California. Nevertheless the snow fell in such a way and the storms occurred so opportunely, that, while the actual amount was less than that of a normal year, the results equal those of a normal fall. There was no waste of water, no floods, no warm rains.

The season as a whole will go down into history as one of the driest known. At the beginning of January the storage of water had been practically exhausted and some of the power companies were forced to use auxiliary power.

A Half Partner.

A.—That woman who just went out is the partner of your joys and sorrows, I suppose.

B.—She's partner to my joys all right, but when it comes to my sorrows she slips over to see her mother.

Hospital Ships.

According to the rules of civilized warfare, hospital ships are exempt from capture. They must, however, fly the Red Cross flag as well as their national flag. All hospital ships are painted white, with a broad green band running right round the hull. The medical, hospital and religious staff of any captured ship cannot be made prisoners of war.

NEVER DESPAIR.

Power dwells with cheerfulness, hope puts us in a working mood, while despair is no muse and untunes the active powers.—Emerson.

SUMMONS

No 8965.

In the Superior Court, State of California, in and for the county of Sonoma.

MINNIE BRIDGES, Plaintiff,
vs.
WESLEY H. BRIDGES, Defendent

Action brought in the Superior Court of the State of California, in and for the County of Sonoma, and the complaint filed in the office of County Clerk of said County of Sonoma.

Robert A Poppe, Attorney for Plaintiff.

The People of the State of California send greeting to Wesley H. Bridges, defendant.

You are hereby directed to appear, and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Sonoma, within ten days after the service on you of this Summons—if served within this County; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will take judgment for any money or damages demanded in the Complaint, as arising upon contract, or plaintiff will apply to the County Court for any other relief demanded in the Complaint.

(SEAL.) Given under my hand and the Seal of the said Superior Court this 22nd day of January, 1912.

W. W. FEIT, JR., County Clerk.
By W. E. SAUNDERS, Deputy Clerk
First Publication May 3, 1912.

Certificate of Partnership—Fictitious Names

State of California, County of Sonoma, S. S.

We hereby certify that we are partners transacting business at El Verano in the State of California under a designation not showing the names of the persons interested as partners in such business: to wit,

"Flora Villa Resort."

The names of the partners are:

Rose Stein, residing at El Verano, Cal.
Fora Krause, residing at El Verano, Cal.
Alexander Bloom, residing at El Verano, Cal.

Witness our hands this first day of May, 1912.

Rose Stein.
Flora Krause.
Alexander Bloom.

State of California, County of Sonoma, S. S.

On the first day of May, in the year of one thousand nine hundred and twelve, before me personally appeared Rose Stein, Flora Krause and Alexander Bloom, known to me to be the persons whose names are subscribed to the foregoing instrument and they acknowledged to me that they executed the same.

Witness my hand and the seal of my office this first day of May, 1912.

ROBERT A. POPPE,
Notary Public in and for the County of Sonoma, State of California.

LOCAL ITEMS

Get it at Duhring's. 11 tf.

Al. Jansen spent Sunday in the bay cities.

Jesse Burris visited the county seat Wednesday.

G. H. Francis came over from Napa Tuesday.

Have you seen our bargain counter? F. Duhring. 11

Jos. Roberts, of Santa Rosa was a recent visitor to this valley.

Have your clothes cleaned and ressed by Parrent, Sonoma.

Mr. and Mrs. Jack Brown, (nee Ella Engelund) spent Sunday with relatives in this city.

See Parrent for good clothes the Ladies' and Gents' tailor, 427 Napa St., Sonoma. 11tf.

Have you seen our bargain counter bargains added from time to time. F. Duhring. 9 t.

Eph. Weise, the expert refracting optician of San Francisco, will be in Sonoma at Union Hotel on June 1st. 19 3t.

Work will be commenced shortly upon the digging of another well at the Eldridge Home to increase the water supply.

The building formerly occupied by Martin Muldry's saloon has been repainted and will be occupied by A. Pera's fish and vegetable market.

W. W. Felt, Jr., our popular county clerk, L. J. Wemans and Jos. Schmedhi came from Santa Rosa Sunday and spent the day in this valley.

Mr. English, who has been employed in the drug store of L. S. Simmons, has resigned his position and is on his way east with Mrs. English.

Miss Celia Thomson and Miss Elsie Yenni were among those who received their First Communion on Thursday morning at St. Francis' Church.

A goodly sum was realized from the whist party held at the home of Mrs. Sam Haven on Thursday afternoon for the benefit of St. Barbara's Guild.

The members of the band serenaded two newly married couple Saturday evening, Mr. and Mrs. Jack Gottenberg and Mr. and Mrs. Walter Bunchu.

A. J. F. Bateman returned Thursday evening from a two days' sojourn in Sacramento. Mr. Bateman reports the weather as being very warm there.

Paul (Moose) Robin sold his saloon (The Palm Bar) Thursday to Mr. M. A. Casajus. Moose will still maintain his barbershop in the same old stand.

The debate held last Friday evening, between the team from the Sebastopol Hi and the team from the local High School, resulted in a victory for the visiting team.

Mr. Henry Weber has transferred his butcher business to his daughter, Miss Louise Weber, who will conduct the same in the future. Mr. Weber has retired from business.

On Friday evening, May 17, there will be a grand ball given in Union Hall by the Augmented Orchestra. Refreshments will be served by Mrs. Darling. Admission 50c.

Mr. and Mrs. Jos. Lynch and George Swetman motored over from Petaluma, Sunday, and after a refreshing bath at the hot springs, came to Sonoma to enjoy a dinner at the Toscano.

Next week the County Treasurers of the State will meet in Sacramento in semi-annual session. County Treasurer Murdock will attend from Santa Rosa. A number of matters will be discussed.

At the commencement exercises Ernest G. Clewe, of this city was awarded a degree of Bachelor of Commerce. Mr. Clewe also won one of the honor places in jurisprudence.

Frank P. Grace, the well-known breweryman met with a bad auto accident on a grade above Healdsburg this week. While attempting to pass another auto the machine was run too far out and went over the embankment. The occupants of the car sustained only a few minor injuries. The car broke a front wheel, crumpled up the guards, smashed the front lights, and disabled the steering gear. In the car with Mr. Grace was Frank Newland, of Healdsburg.

Andy Ducker who has a ranche near the adobe, Petaluma, unearthed a large tooth in a creek on his ranch the first of the week. A number of petrified bones were also found. A few years ago a larger lot were found, says the Courier. They were the jaw and teeth of the Megathariam, an extinct species about the size of an elephant.

The train schedule of the Northwestern Pacific Railway Company make it possible for Sonomaites to visit Agua Caliente Hot Springs in the mornings, giving plenty of time for a bath in the curative waters, and an opportunity to return home in time for lunch. It is a convience that will be greatly appreciated by the town people.

By request of the people of Sonoma, Eph. Weise will resume his regular visits to Sonoma. He will be here at Union Hotel, June 1st.

On July 20, 1912, the Native Sons of the Golden West will celebrate their 25th anniversary by giving a big time to the public free of charge.

The annual dramatic entertainment and closing exercises of the Convent School will be held on June 11th at Union Hall. Admission 50c.

THOS. MONAHAN IS HURT

MEETS WITH ACCIDENT WHILE AT WORK AT QUARRIES

The many friends of Thomas J. Monahan, of Glen Ellen, will regret to hear that he met with a serious accident at the quarries at Annadel on Wednesday morning.

A heavily laden wagon ran over his left foot, and crushed it so badly that two of the toes had to be amputated. His left shoulder was dislocated and he was otherwise injured.

Mr. Monahan was taken to the Santa Rosa hospital where the amputation of his two toes was performed and his other injuries attended to. Dr. J. W. Scamell performed the operation, assisted by Dr. Fred. O. Prior.

Mr. Monahan is detained at the Santa Rosa hospital under the care of Dr. Scamell.

BUILDING IS NEARING COMPLETION

The new, big cottage with its accommodations for seventy inmates at the Sonoma State Home for the Feeble Minded at Eldridge, is practically completed and will be occupied before long. It will relieve congested conditions necessitated by the lack of more room.

Some other improvements have been carried out at this well known State institution, of which J. G. Dawson is superintendent. There are also a thousand inmates in the Sonoma State Home and other buildings will be absolutely needed in the near future, especially more available quarters for the attendants.

TWO NEW HUDSON 30S

SONOMA GARAGE DOING BIG BUSINESS

The Sonoma Valley Garage made delivery of two 1912 Hudson 30s the past week. One going to Mr. Jos. Keechier, Supt. of the Jones ranch, and the other was sold to Mr. B. Pendler.

The Hudson is one of the most popular medium priced cars in the valley, and there are quite a number here.

WHEEL CAME OFF

Louis Picetti, of the Sonoma Valley Furniture Co., had an exciting experience the first of the week while delivering a load of furniture to a home in Schellville.

It seems that Mr. Picetti has a fine driving horse which needed exercise, so he hitched it up to his delivery wagon and drove to Schellville. When almost there a wheel came off the wagon, scaring the animal so badly that it became unmanagable and ran away, tipping the load over in a ditch near the Chicken Colony. Luckily Mr. Picetti escaped without injury and the furniture was not damaged, but the horse sustained some bad cuts and will be unfit for use for some time.

SAFE CRACKER SHOT.

SURPRISED AT WORK IN AN EL VERANO SALOON

Attempts to Escape Handcuffed

Thursday night at five minutes after twelve, Harry Baines and Jack Algren discovered a burglar at work in Chas. Danielli's saloon in El Verano. They at once sounded the alarm and several men, including Chas. Danielli surrounded the building.

The man made his escape, although four shots were fired at him by Danielli. He went through a barb wire fence, tearing his clothes and leaving pieces of blue serge sticking to the fence. Jack Algren who was right after the man, cut his hands pretty badly on the same fence but kept up the pursuit all night.

This morning Deputy Sheriff Jos. F. Ryan caught the fellow, snapped the handcuffs on and put him in the buggy, but the prisoner jumped out and ran like a deer for the creek, which is near the road. Ryan fired over the man's head a couple of times, but the fellow ran the faster. Then Joe shot him in the fleshy part of the right leg, just above the knee. The man kept running however and ran into the water up to his neck where Emmet Mullen and Officer Ryan caught him.

The man's name is Wm. Roese. He is about 28 years of age and was formerly employed as a watchman on Market street in San Francisco, but has been stopping at Rossi's Resort for some time.

After the capture the prisoner was brought into Sonoma and his wound was dressed by Dr. Leix. It is thought that other crimes may be laid to Roese.

The prisoner will be taken to Santa Rosa today.

MET WITH AN ACCIDENT

Two of the young bloods of town hired a rig from Ryan's stable last Sunday and started for a little ride around the valley. But before they were started on the rounds, the horse ran away and smashed the buggy to pieces.

The cause of the excitement was the dropping of a shaft bolt, allowing one side of the shafts to drop against the heels of their steed.

The boys were not hurt.

BASE BALL SUNDAY

Next Sunday afternoon the Sonoma nine will line up with the San Francisco Elks on the Sonoma diamond. Al. Jansen will pitch for the Sonoma team.

The fans hope to see another contest like that of two weeks ago when the local club won from the Berkeley Native Sons in an eleven-inning game by a score of 4 to 3.

The game will begin at 2 o'clock.

Sonoma won a loosely-played game from the S. F. Detmers last Sunday afternoon. The home team outbatted the visiting nine, but their work in the field was not up to standard.

"Ping" Nessi and Volquardsen were on the points for the victors.

TO WHOM IT MAY CONCERN

This is to certify that I have this day assumed all right and title to the butcher business of H. Weber and will conduct the same in the future.

I respectfully bespeak the patronage of my friends.

(Signed) LOUISE WEBER.
Dated May 15, 1912.

Gold Watch Given Away

We will give a ticket with every $5.00 paid us for tailor made clothing, which will entitle the winner to a Hamlet, Full-Jewel, hunting case gold watch, guaranteed for twenty years. Tickets limited to one hundred. Satisfaction guaranteed in every respect or no money accepted. Parrent, the Ladies and Gents' Tailor

FOR SALE

Geo. C. Hanson, of Vineburg, now offers his place of 17 acres for sale or rent, including all improvements and stock. Terms reasonable. 19 3t.

Schellville Chicken Colony Notes

Mr. Richardson is spending several days in the city this week.

Miss Wheat came up Sunday and spent the day with her sister, Mrs. Mason.

Mr. and Mrs. Hill entertained several friends from the city over Sunday at the Lyman home.

Mr. Maguire is having a new house built on his place, which is adding much to the appearance.

Mr. H. H. Ling has been in Oakland with his family for several days, returning Wednesday of this week.

Mr. and Mrs. Hill, old time friends of the Lyman family, have come to stay the summer or longer with Rollin.

Mrs. Nourse has returned from her visit with the Dr. in the city. She was gone nearly two weeks and reports a very enjoyable time.

Sunday, May 12, was the wedding anniversary of Mr. and Mrs. C. D. Haines. They entertained on that day from Oakland, Mr. Haines' mother, a brother and wife and son, also a sister of Mrs. Haines'.

TERAGRAM K.

Glen Ellen Notes

The date of the masquerade ball to be given by Mr. and Mrs. Morris Levy has been changed to June 1st.

Mr. Frederick Quien has sold his ranch to Mr. Burnham. The sale was made through the Glen Ellen Realty Company.

The place to buy is the place where you get the best treatment. You will have no kick if you buy your groceries at HARDMAN'S.

How Nature Provides.

OUR BEAUTY, HEALTH AND HAPPINESS.

Is it not possible if not probable that elements necessary for the body-health are contained in the native medicinal roots found in the earth, digested in the plant laboratory of *nature* and made ready for man or animal?

The medicinal virtues of many American plants and roots were known to the early Indians. Thus a root known to modern physicians as Caulophyllum or Blue Cohosh was known to the Indians as "Squaw root." Another, known to the Indians as "Rattleweed root," is used in modern medicine as "Cimicifuga."

Prof. King's American Dispensatory, an authority in these matters, says: "Our Indians set a high value on Rattleweed root (Black Cohosh) in diseases of women. It is surpassed by no other drug in congestive conditions of the parts where there are dragging pains and tenderness."

After many years of study and experiment Dr. Pierce, the medical director of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., put up a prescription of his own, containing the non-alcoholic, glyceric extracts of the two above mentioned ingredients, together with Golden Seal root, Lady's Slipper root and Unicorn root. Thus, there is no mystery in the make-up of this famous "Prescription." The use of alcohol is entirely avoided in its manufacture, chemically pure glycerine being found to serve the purpose of extracting and preserving the medical properties even better than alcohol.

Learn the Truth. The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed on the wrapper of every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called DR. PIERCE'S FAVORITE PRESCRIPTION.

It Stands Alone not only in respect to its ingredients, but also as the only specific advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has thousands of cures to its credit placing its merits above criticism.

It Stands Alone as Nature's cure for the diseases peculiar to women because the earth supplies the vegetable ingredients.

Mrs. Mary J. Beard (Trained Nurse, Washington Hospital), of 1765 5th Street, N. W., Washington, D. C., writes:

"I felt badly for four years, had terrible pains at times and was often unable to be about attending to my duties; appetite was poor and sleep fitful. Tried to cure myself in various ways without success, but finally my attention was called to Doctor Pierce's Favorite Prescription and decided to try it. Am certainly glad that I did for I began to improve with the first bottle, and gradually became better until I was entirely cured of the old trouble. Am well and can enjoy life once more."

Dr. Pierce's Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists **Pellets.**

THE BEST TYPES OF SHADE TREES

Opinions From Experts In Ten Representative Cities.

NORWAY MAPLE HEADS LIST.

A Thorough Knowledge of Local Conditions Is Essential In Making the Choice—American Elm and Red Oak Next In Line.

"If you were asked to select the six species of trees best adapted for planting in the residential streets of your city, what species would you choose, and why?"

A table has been compiled from replies received from ten representative city foresters and shade tree commissioners to the above question, submitted to them by the editor of the American City.

As each forester was given six votes, a total of sixty choices was received, the highest possible number of votes for any one species of tree being ten.

ELMS IN EAST ORANGE, N. J.

Irrespective of the order of choice, the highest total number of votes went to the Norway maple, with nine counts to its credit. The second on the list is the American elm, with seven votes, and the red oak follows with six.

Considered from the point of view of the combined number of first and second choices recorded in their favor, the three trees most highly regarded by this jury of experts are the Oriental plane, Norway maple and American elm, each of which received four such votes. Taking the first choice votes alone, the American elm heads the list with four counts and the Oriental plane with three. The largest number of second selections went to the Norway maple with three and the sugar maple with two second choice votes.

The ten foresters whose co-operation has made possible the compilation of this article are the following:

Brooklyn.—J. J. Levison, master of forestry.

Buffalo.—H. B. Filler, city forester.

Cleveland, O.—George Rettig, landscape architect.

Chicago.—J. H. Prost, city forester.

East Orange, N. J.—William Solotaroff, superintendent shade tree commission.

Grand Rapids, Mich. — Hugh E. Lynch, city forester.

New Orleans.—B. Baker, superintendent parking commission.

St. Louis.—Julius Koenig, city forester.

Washington.—Trueman Lanham, superintendent trees and parkings.

West Newton, Mass. — Charles L. Bucknam, forest commissioner.

It should be made clear that each of these men was asked for an expression of opinion as to the best species of trees for his own city and that their recommendations should not be regarded as applying to cities having marked differences in soil, climate and other conditions affecting the growth and life of shade trees. Many trees which give excellent satisfaction in New Orleans, for example, would be of little or no value in St. Louis or Buffalo. Every municipality should, of course, have a really capable shade tree commission or city forester, trained by observation and experience to solve problems as they arise and to make selections according to the several conditions he encounters without undue regard to what may be considered best elsewhere.

The beautiful effects made possible by the proper planting of one species of tree on a street are shown in the accompanying illustrations.

In certain cities too much time and effort have been expended in the removal of poplar and other short lived trees and in replanting for individuals. As a general rule, it is believed that more satisfactory results can be secured by concentrated efforts on the planting of entire streets where the residents will permit the removal of all the undesirable trees.

MAPLES IN A SUBURBAN TOWN.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY, & CO., Toledo, Ohio.

Take Hall's Family Pills for constipation.

BREVITIES

So great is the demand for agricultural imports in this country that our sales abroad are falling off and we are importing large quantities. The recent shipments of potatoes from Ireland are fresh in everyone's mind, and we take considerable shipments from Canada and Mexico. A recent agricultural item in the consular reports, states that last year 197,698 crates of tomatoes were shipped to this country from Cuba, besides 41,813 crates of okra, eggplant, peppers, etc. The farmer still has room to expand his markets.

Mrs. M. Bishop, Columbus, Kan., suffered with a weak back a good many years, as a result of kidney trouble. "I began taking Foley Kidney Pills and soon after the pain left my back and today I am fully cured." Sold by James McElney, Model Pharmacy.

A Congressional committee has decided to recommend to Congress the granting of an option to Luther Burbank on twelve sections of semi-arid lands in California and Arizona for five years, with the provision that he has 100,000 two-year-old cactus plants on the property at the end of five years he may purchase the land at the government rate—$1.25 per acre. If this bill should pass, Burbank should be enabled to enter upon the production of spineless cactus on a commercial scale, and if successful the semi-arid regions may be one of the greates grazing sections in the world.

Jas. C. Dahlmann, serving his third term as mayor, Omaha, Neb., was successful in receiving the overwhelming support of the voters in the primary election. He also successfully rid himself of a bad case of kidney trouble by the aid of Foley Kidney Pills, and writes: "I have taken Foley Kidney Pills and they have given me a great deal of relief, so I cheerfully recommend them." What Foley Kidney Pills have done for Mayor Dahlman they will do for any other person bothered with backache, rheumatism, or any other form of kidney or bladder trouble. Just try them for quick and permanent results. Sold by James McElney, Model Pharmacy.

Los Angeles and Imperial counties are becoming big shippers of asparagus to eastern markets. During the latter part of March and early April the shipments averaged about five carloads a day.

The Surveyor General has announced that the school lands have been withdrawn from sale in California under the provisions of a law enacted at the special session of the legislature. These lands will be withheld from the market by the state until September, 1913, to give the State Conservation Commission an opportunity to investigate the school land holdings in the state.

Henry Ferris, Hadar, Nebr., is the father of ten children and for the past twenty years has used Foley's Honey and Tar Compound with the best of results. He tells us: "I think Foley's Honey and Tar Compound is the best cough medicine in the world for I have used it for the past twenty years and can recommend it to anyone needing a cough medicine." Sold by James McElney, Model Pharmacy.

The first watermelons of the season arrived in Los Angeles from South Mexico and were sold at $5 each. The melons were several weeks ahead of the usual opening of the season.

The Fresno raisin country produces about 60,000 tons of raisins yearly, and this crop brings about $4,000,000 each year to the growers.

LeRoy Thacker, Watertown, S Dak., says: "I suffered with rheumatism for over 8 years, and it seemed at times I would go crazy with pain. Three bottles of Foley Kidney Pills cured my rheumatism and I gladly recommend them." Sold by James McElney, Model Pharmacy.

The Pajaro Valley will have one of the heaviest crops of apples in its history this year according to a statement made by County Horticultural Commissioner Vlock. Prospects are also bright for other varieties of fruit and Watsonville is getting ready for a big shipping output.

J. E. McKeen, 1301 Cleveland St., Wichita, Kansas, reports: "I suffered from Kidney trouble and had severe pains across my back, and was all played out. I began taking Foley Kidney Pills and soon there was a decided improvement. Finally the pain left entirely and I am fully cured of all my kidney trouble." Sold by James McElney, Model Pharmacy.

His Preference.

A distinguished eye surgeon tells a good story of his hospital days. Three other young, newly fledged oculists, and himself were chatting in their quarters in the hospital when the conversation turned, as was natural in young men, upon the beauty of different colors of eyes. One championed the superior brilliancy and sparkle of the blue eye, another the depth and fire of the brown, while the third was all for the clear, cool light of the hazel. After they had exhausted their eloquence, with the usual effect of confirming themselves in their original opinions, the fourth young sawbones suddenly broke in: "I don't care a hang about your blue eyes or your brown eyes or your gray eyes! Just give me sore eyes and plenty of 'em, and I'll be happy."—Saturday Evening Post.

London's First Directory.

How did the world do its business before the publication of directories? The huge directory of London had a first printed forerunner in a slim little volume, "A Collection of the Names of the Merchants Living In and Around the City of London," issued by Samuel Lee of Lombard street in 1677. It was the outcome most probably of the enterprise of Henry Robinson, a well known writer on commercial matters, who in 1650 opened an office in Threadneedle street, where were kept "particular registers of all manner of addresses" for the use of all who cared to pay a sixpence.—London Chronicle.

Why the Romans Decreased.

The visiting member of the board of education was examining a class in history, and of one of the brightest pupils he asked the question, "Why did the population of Rome decrease just before the fall of the empire?"

The reply came promptly from a little girl, "Because the Romans had ceased to practice husbandry."

Wrong Kind of Forgetting.

She—Don't Mr. Briggs and his wife ever forget their differences? He—Why, yes, in a way. He forgets that he is a gentleman and she forgets that she is a lady.—Boston Transcript.

He conquers who awaits the end and dares to suffer and be strong.—Lewis Morris.

Shaving the Bridegroom.

The shaving of the bridegroom on his wedding day is a Bulgarian custom which, handed down from pre-Christian days, is still observed with due formality, especially in country districts. While the barber is at his task a dancing crowd of young folks surrounds him and the bridegroom. As the latter's hair is cut the snippings are carefully collected by some of the girls for preservation in one of the bride's chests. The barber, when his work is done, receives a small white linen cloth as a present and also a trifling sum of money from each person there. Then the bridegroom kisses the hands of the girls, washes his face and dons his wedding dress, which must first be carefully weighed three times by one of the boys.

HOUSING REFORM DON'TS.

Don't tolerate cellar dwellings.
Don't legislate merely for the present.
Don't tolerate the lodger evil. Nip it in the bud.
Don't attempt to legislate first and investigate afterward.
Don't permit privies to exist in any town. Compel their removal.
Don't permit houses unfit for human habitation to be occupied.
Don't permit the growth of new slums. Prevention is better than cure.
Don't let the poor be denied a liberal supply of water in their homes.
Don't build a model tenement until you have secured a model housing law.
Don't let your town become a town of tenements. Keep it a town of homes.
Don't repeat the talk about the poor not wanting good housing accommodations.
Don't permit any new houses to be built that do not have adequate light and ventilation and proper sanitation.
Don't imagine there is no necessity for action because conditions in your town are not as bad as they are elsewhere.
Don't cease your efforts when you have passed a good law. Eternal vigilance is not only the price of liberty, but of all progress.

Plants Breaking Up an Island.

The layman would scarcely associate great strength with so delicate and fragile a thing as maidenhair fern, yet if its roots have not sufficient room they will break the pot in which the plant grows. Blades of grass will force the curbstones between which they spring up out of their place, and in a single night a crop of small mushrooms has been known to lift a large stone. Indeed, plants are on record as having broken the hardest rocks.

The island of Aldabra, to the northwest of Madagascar, is becoming smaller through the action of the mangroves that grow along the foot of the cliffs. They eat their way into the rock in all directions, and into the gaps thus formed the waves force their way. In time this will probably reduce the island to pieces.—London Telegraph.
